Certifications and Licenses

Python full stack

February 2021 to Present

Completion of python full stack bootcamp, learned JavaScript, ReactJs, material ui and django. Worked mostly on frontend.

The Complete 2021 Flutter Development Bootcamp with Dart

April 2021 to Present

Udemy Course Certificate - Completion of courses covering all the fundamental concepts for Flutter development and building beautiful, fast, and native-quality apps with Flutter.

Additional Information

I had one year of experience working as a ReactJs developer and quite familiar with building UI components. Currently, I have completed the flutter course, and I am quite confident in building mobile app UI, also willing to learn new techs and solve the new challenges for the projects.
